Resizing an image in Lightroom.

In Lightroom choose your image to be resized.

Next, go to the FILE dropdown list and into EXPOTR, as shown below.

This will open up the dialogue box (below)

Select CHOOSE. This opens your path to where you require the image to be stored. I suggest you set up a directory called CCG Competitions, within this you can have any number of sub folders you require. I suggest a folder for each month of the competition.
