

1 In your browser enter the gallery address –
www.gallery.corkcameragroup.net

- OPTIONAL- This might be a good time to check you are at 100% zoom. Use your browser settings to confirm or try using **Ctrl + 0** (Command + 0 in Mac) to **Reset to 100%** (default) zoom. This ensures you see the gallery at its best.

2. Click on the CCG Virtual Exhibition image to enter the exhibition

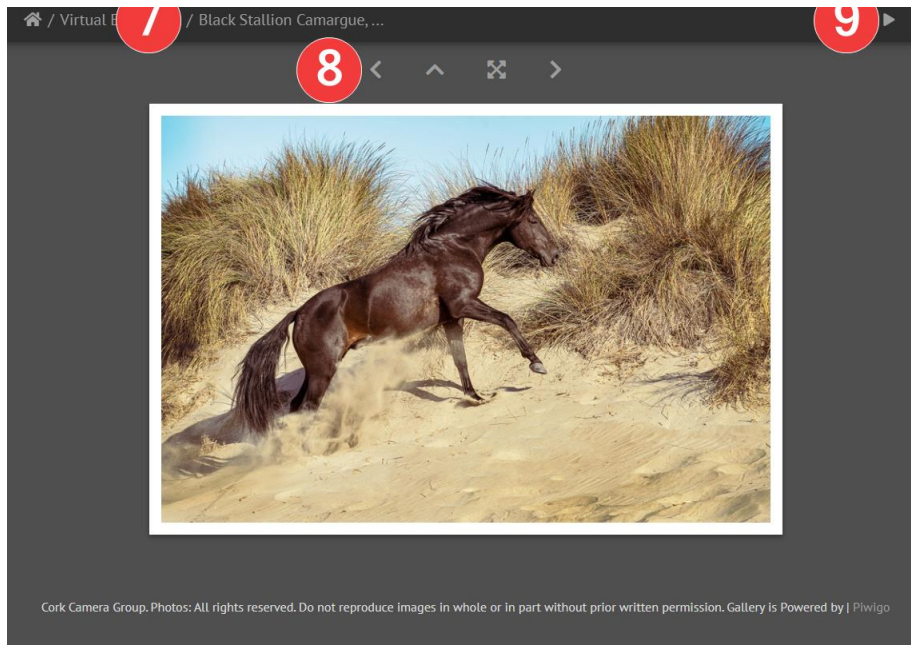

3. You should see the image thumbnails

4. View as Grid or List

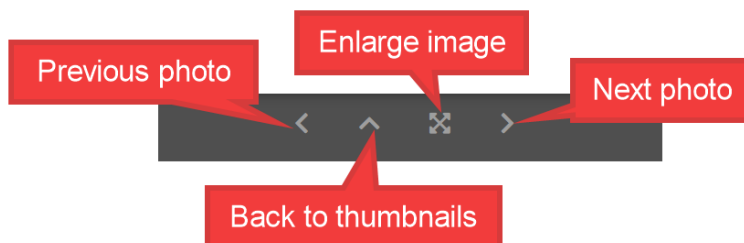

5. Hover-over any image to see image name and photographer

6. Click on any image to enlarge (This is a great option! - check point 10 below to see about using **Full screen** after enlarging)

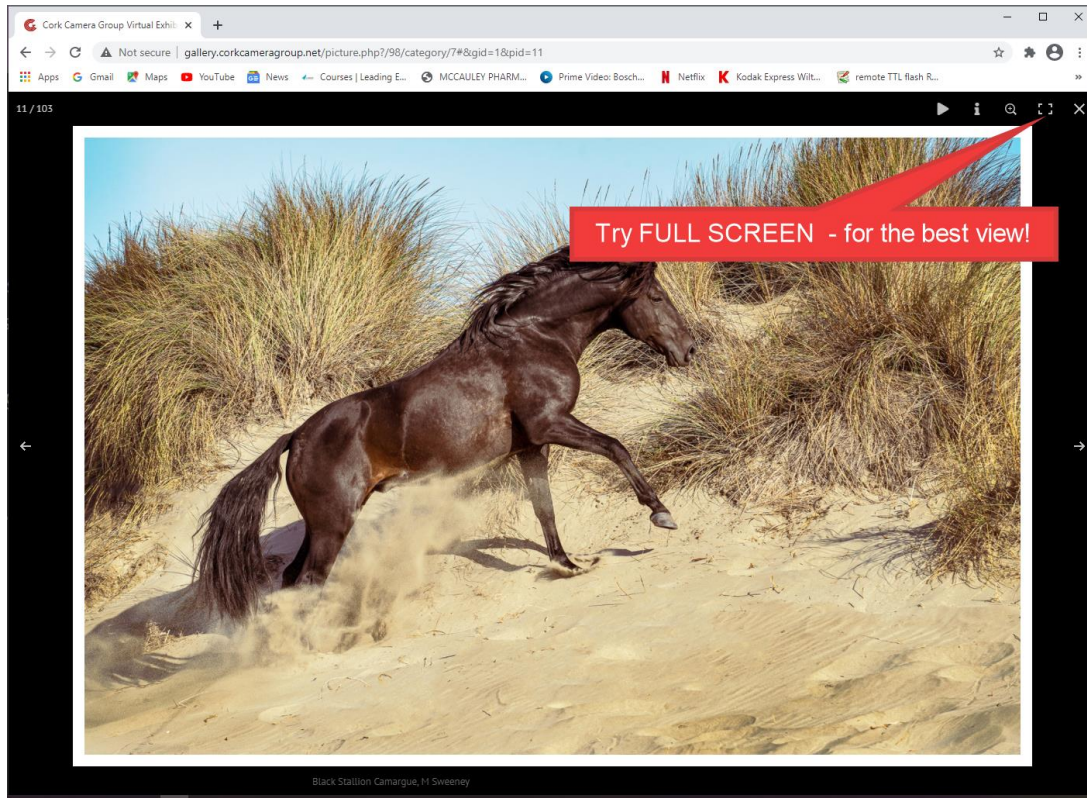

7. Image and photographer info

8. Navigation buttons

9. Run a slideshow of all images

10. Full screen, possibly the *best* gallery view! Even though the photo is currently enlarged you can still go Full Screen. It maximizes the view, removing as much clutter as possible.
